

Product parameters

Product model

BK805

Product function

Intelligent
Temperature Control
Wire thermal stripper

Main engine
output power

65W

External volume

150*130*99MM

Input voltage

AC 230V 50Hz

Temperature range

150°C-650°C

Net/gross weight

≈2.0/2.3KG

* Manual measurement will have a little deviation, please refer to the actual.
